### Marketplace is an exciting new tool available to Constructionline and Facilitiesline members.

With Marketplace, we offer a platform that gives businesses of all sizes the ability to source new work, manage their supply chains and mitigate risk.

With over 25 years of experience connecting the construction industry, Marketplace is the perfect platform for your procurement, compliance and business development teams to work seamlessly to find and deliver great work.

## 3 new tools at the heart of pre-construction and procurement

### FIND

Discover and win new business faster than ever before, with over 1 million tender opportunities at your fingertips.

### TRACK

Receive and respond to expressions of interest directly from buyers within the Fortius network.

### PUBLISH

Reduce risk from the offset by publishing your projects and work packages with ease to members that meet your specific requirements.

## Unlock your next project and track exclusive new work opportunities

### Find new work faster than ever before

With advanced search features, you and your colleagues gain instant access to thousands of jobs from a wide range of portals, giving you immediate, tailored results for your business.

- ✔ **Access opportunities** from public sources including OJEU (TED), Find a Tender, Contracts Finder and over 400 UK local authorities' planning portals all in one comprehensive portal.
- ✔ **Narrow your search** to specific locations and work categories and save your filters, so that you can receive alerts the minute a new matching opportunity is published.
- ✔ **'Favourite' projects** you're interested in so you can easily keep an eye on them.

### Never miss an opportunity with Marketplace Track

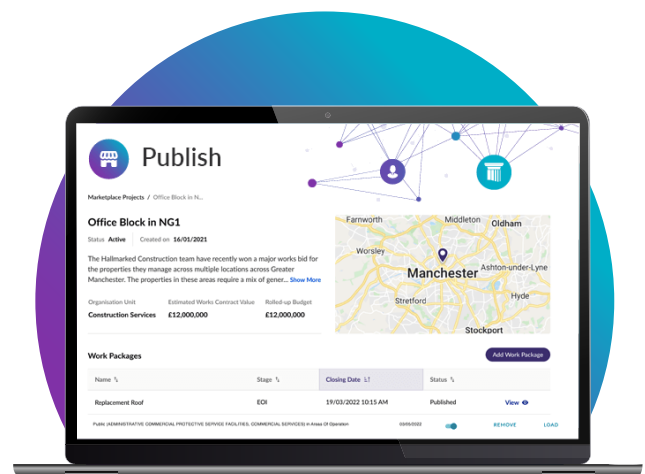

Receive brand new opportunities direct from the companies you work with, and establish new relationships with buyers looking for services just like yours. Track your expressions of interest and application responses in Marketplace Track. We'll alert you the moment you've been invited to a new opportunity so you are always on the front foot.

- ✔ **View all your expressions of interest** in one portal, with shared access across your team so they're simple to manage.
- ✔ **Hold one central view of your tender pipeline** so you can easily keep track of ongoing work opportunities.
- ✔ **Receive opportunities** from new and existing buyers and respond quickly.

### Confidently build a quality supply chain with Marketplace Publish

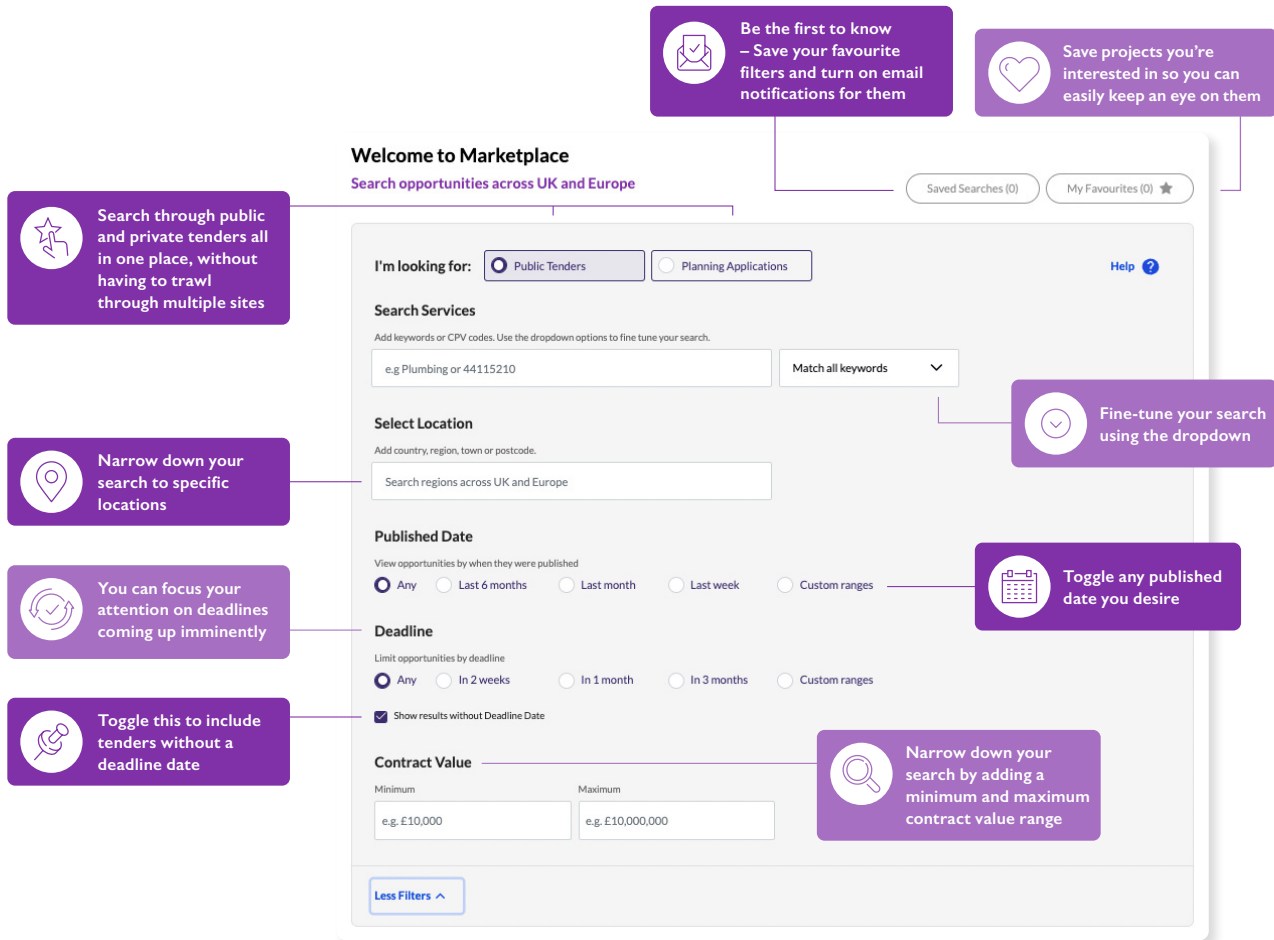

If you sub-contract, we'll help you find quality suppliers that meet your high standards. All Constructionline members undertake rigorous verification and you'll have access to their certifications through the portal, providing extra reassurance and auditability. Publish opportunities on Marketplace to access quality suppliers and confidently build your supply chain.

- ✔ **Create your projects and work packages with ease** – instantly invite suppliers to express their interest in your project. Publish to your pre-selected supply chains, or target new suppliers across our network of over 50,000 suppliers.
- ✔ **Track responses** – easily identify which businesses are interested in your work packages.
- ✔ **Compare responses** – use analytics to get a detailed comparison of respondents to help you during the selection process.
- ✔ **Reduce your due diligence admin** – by accessing pre-assessed and up-to-date supplier information.

## Set up your first search

Marketplace Find may be powerful, but it's also easy to use:

**Welcome to Marketplace**  
Search opportunities across UK and Europe

Be the first to know – Save your favourite filters and turn on email notifications for them

Save projects you're interested in so you can easily keep an eye on them

Search through public and private tenders all in one place, without having to trawl through multiple sites

Narrow down your search to specific locations

You can focus your attention on deadlines coming up imminently

Toggle this to include tenders without a deadline date

Fine-tune your search using the dropdown

Toggle any published date you desire

Narrow down your search by adding a minimum and maximum contract value range

**I'm looking for:**  Public Tenders  Planning Applications [Help ?](#)

**Search Services**  
Add keywords or CPV codes. Use the dropdown options to fine tune your search.  
e.g Plumbing or 44115210  **Match all keywords**

**Select Location**  
Add country, region, town or postcode.  
Search regions across UK and Europe

**Published Date**  
View opportunities by when they were published  
 Any  Last 6 months  Last month  Last week  Custom ranges

**Deadline**  
Limit opportunities by deadline  
 Any  In 2 weeks  In 1 month  In 3 months  Custom ranges

Show results without Deadline Date

**Contract Value**  
Minimum  Maximum   
e.g. £10,000 e.g. £10,000,000

## Constructionline is moving beyond compliance...

With the introduction of Marketplace, your Constructionline membership now offers way more to your business than just compliance management. With Publish Supply Chain and Find Suppliers, you also have the ability to completely manage your supply chain from end-to-end, all in one platform.

**Reduce compliance risk** – monitor and manage the compliance of your supply chain and those who work on-site, in line with CDM regulations and legal obligations - giving you confidence you have all the information you need.

**Win more business** – reduce the effort required to complete tenders and incorporate supply chain evidence by exporting data and reports to differentiate your tender and improve your chances of winning.

**Reduce admin time and costs** – we'll take care of the assessment, verification, and ongoing monitoring of your supply chain compliance, alerting you to any issues and reducing manual processes and saving you time and money.

**Source new suppliers** – easily find and source compliant contractors to add to your supply chain through our extensive database of pre-qualified suppliers.

**Protect your reputation** – align your supply chain against external policy and reduce the risk of third-party reputational damage, putting you in a stronger position to win public sector contracts.

## Benefits: Less admin, more streamlining, more business...

Including Find, Track and Publish in your Constructionline membership helps your team work smarter, focus on the things that matter most and take an agile approach to resourcing. Boost your chances of winning new work, with:

- ✔ **A single platform for centralised opportunity management.**  
 We automatically pull tender opportunities from public sources across the construction industry, integrating them with private projects direct from our buyers, all displayed on Marketplace.
- ✔ **Filters help you find opportunities** that best match your skill set, footprint and resource planning.
- ✔ **Unlimited saved searches**, so you never lose your history.
- ✔ **Notifications alert** you the moment a buyer sends your business an opportunity, so you can be swift to respond.
- ✔ **Collaborate with colleagues in the platform**, your whole team has a central view of activity so you avoid duplication and never miss an opportunity.
- ✔ **Mark up your 'favourites'** in the system, so you can focus on the projects that are most suitable for you.
- ✔ **Let buyers know you're interested** in their project with a simple 'thumbs up'.
- ✔ **Pull compliance data through from your Constructionline profile** - automatically pre-qualify by keeping your verifications up to date.
- ✔ **Grow and manage your supply chain** with access to the largest network of construction, FM and material suppliers in the UK.
